Considerations for this Tariff Schedule

- Vessel and cargo services related to transit operations are exempt from VAT, provided they are rendered to international freight carriers or to non-resident parties who hold ownership of the cargo as per international transit customs documentation. (Section 10, Article 33 of the General Sales Tax Law)

- Prices in PEN include VAT. The reference exchange rate used is S/ 3.737. Payments may be made in Peruvian Soles (PEN) using the average weighted selling exchange rate published by the Superintendence of Banking and Insurance (SBS) on the payment date.

- Rates are applicable to both International Transport and Cabotage.

- Storage service charges are based on calendar days.

- The minimum billing period for equipment rental is 2 hours, and for cranes with capacity greater than 35 MT, the minimum is 8

- A 25% surcharge will be applied to non-regulated services rendered outside regular working hours.

- A detailed description of services is available in the Tariff Application Procedure on our website, at the following link:
